Troop 290 Scribe

This is the first ever Buzzard Bulletin. A new edition of the Buzzard Bulletin will be published once a month. The Buzzard Bulletin will consist of interviews, upcoming troop meetings and outings and other things.

This month several people went on a fishing outing. They said that it was very fun. Lots of people caught fish on this outing. Lots of people also got sea sick on this outing. The Pacific Ocean was very rough on that day.

In this month's troop meetings we will play different games. We will also have many merit badge sessions. A police officer came to talk to us about drugs on the Monday before Veterans Day.

This month's outings are Calero Orienteering, the Caverns Campout, and Quicksilver Orienteering. Pedals and Pizza is coming up soon. Sign up with Mr. Arevalo if you want to go. It is going to be on Saturday, December 6. It is a twenty five mile bike ride total. You will get pizza half way through the outing.

Also, David Norris is currently working on his eagle project, so please give him all of the support that you can.

Some scouts went on the Cavern outing. They said that it was fun. Eric was acting as the senior scout at this outing. The people on this outing crawled through lots of tunnels. They also went exploring the campsite. Mr. Green found a tent that the boys called the "Hobo Hut". The tent had lots of holes in it. It also had lots of beer bottles in it. There were many interesting rock formations in the tunnels. Eric said, "We were wearing sexy suits." The suits that they were wearing had many holes in them and were all muddy. How they were "sexy" I can't figure out. Over all, it seems like the people that went on this outing had fun.

If any scout wants to tell me if they had a birthday in the last couple of months, I can put it in next month's news letter. Also if anyone advanced in rank, they can tell me and I will put it in the next news letter.

We raised 180 lbs of food for the Second Harvest Food Bank. Mr. Green is going to head the Second Harvest Food Bank project every year from now on. He has challenged us to get 500 lbs of food next year.
